

Ward Mini Bed Head Unit

SBD281-72-60-2.0

We are a manufacturer in China supplying a wide range of DFTT® Ward Mini Bed Head Unit. Our products are different from other similar products. Mini Bed Head Unit is cost-effective, safe and reliable. It is processed with top-quality raw materials. Under such strict production conditions, Mini Bed Head Unit is still in stock, and there is no supply chain break, which shows our seriousness. Therefore, Mini Bed Head Unit has many foreign buyers, and we have established a good relationship with them. I hope you can make me your long-term partner in China.

Product Description

DFTT® Ward Mini Bed Head Unit is made by A6061, with excellent quality and exquisite workmanship, which can meet the individual needs of customers. While playing its own role, it does not affect each other. Mini Bed Head Unit integrates modern technology and adopts professional design. Due to its small and beautiful size, it is favored by customers who like small and delicate products.
